Volunteer Orientation

Welcome to the food bank volunteer program. New volunteers attend one orientation session before their first shift. Sessions cover safety, food handling, and how the warehouse is organized.

Background check forms must be returned by October 30, 2026. Volunteers who miss this date will be moved to the next orientation cycle.

Your first shift should be scheduled no later than November 20, 2026, so that your training stays current.

Annual food handler certification renews every year; the next renewal deadline for all volunteers is January 31, 2027.
